

MARWAN ISSA

Web Developer | Data & Machine Learning Enthusiast

+961 76 488 754 | marwanissa180@gmail.com | linkedin.com/in/marwan-issa-674aba38a

PROFESSIONAL SUMMARY

Resourceful web developer with a strong foundation in coding and data analysis. Recognized as a fast learner who excels at troubleshooting complex technical issues and delivering clean, efficient code. Combines sharp problem-solving skills with effective team communication to drive successful project outcomes.

PROFESSIONAL EXPERIENCE (PROJECT)

ML	Malware Detection Using Static Analysis & Machine Learning (Cybersecurity & ML Project) <i>Python, Scikit-learn, Pandas, NumPy Completed: May 2026</i> - Extracted static features from Windows PE headers, import tables, and section characteristics - Implemented and compared SVM and Decision Tree classifiers - Evaluated model performance using accuracy, precision, recall, and F1-score
	SpeedXpo – Premium Car Marketplace (Full-Stack Web Application) <i>PHP, MySQL, Bootstrap 5, JavaScript, AJAX Completed: Dec 2025</i> - Developed a dynamic platform for browsing, filtering, and discovering luxury and performance vehicles - Implemented secure user authentication and CSRF protection - Built a responsive UI using Bootstrap 5 and managed database integration with PDO - Performed full CRUD operations with session management
	Car Renting System (Java Desktop Application) <i>Java Swing, Data Structures Completed: Dec 2025</i> - Developed a GUI application to manage car rentals, customer bookings, and returns - Integrated core data structures: Linked Lists, Queues, Stacks, and Binary Search Trees - Applied Object-Oriented Programming and Event-Driven Programming principles
DS	
GUI	Building Management System (Java OOP Application) <i>Java, JOptionPane GUI Completed: May 2025</i> - Built a property management system supporting Rooms, Offices, and Apartments - Automated cost calculations, tenant registration, maintenance requests, and fee calculations with discounts - Implemented input validation and comprehensive reporting features

TECHNICAL SKILLS

Programming Languages:	Java, JavaScript, HTML, CSS, PHP, SQL, Python, C++
Frontend Development:	React, Angular, Bootstrap 5, HTML5, CSS3
Backend Development:	PHP, PDO, Session Management, CRUD Operations
Databases:	Microsoft SQL Server, MySQL, MongoDB
Data Structures & Algorithms:	Linked Lists, Queues, Stacks, Binary Search Trees
Machine Learning & Data Science:	Python, Scikit-learn, Pandas, NumPy, Feature Engineering, Data Preprocessing, Model Evaluation
Cybersecurity & Malware Analysis:	Static PE Analysis, Malware Detection, SVM & Decision Tree Classifiers
Security Concepts & Protocols:	HTTP/HTTPS Security, Authentication & Authorization, CORS & CSP, API Security (REST/GraphQL), CSRF Protection
Networking:	TCP/IP, VLANs, Static Routing, RIP, Cisco Packet Tracer, DNS, DHCP

Operating Systems:	Linux, Windows
GUI Development:	Java Swing, JOptionPane
Tools & Platforms:	VS Code, Google Antigravity, GitHub, XAMPP, Google Colab, Postman, VirtualBox
Paradigms:	Object-Oriented Programming (OOP), Event-Driven Programming

EDUCATION

- **Beirut Arab University – Tripoli, Lebanon** *Expected Graduation: 2027*
Bachelor of Science in Computer Science
- **Collège des Frères – Deddeh, Lebanon** *Graduated: 2024*
Baccalaureate – General Science

CERTIFICATIONS & TRAININGS

- | | |
|---|---|
| <ul style="list-style-type: none">• Advanced React Patterns – Completed (July 2026)• AI Agents in LangGraph – DeepLearning.AI (In Progress)• AI Agents for Leaders – Coursera (In Progress) | <ul style="list-style-type: none">• Automata Theory and Formal Languages – Vercel (In Progress)• Game Development Workshop – BAU – Completed (June 2026)• IC3 (Internet and Computing Core Certification) (In Progress) |
|---|---|

SOFT SKILLS

Fast Learner • Problem Solving • Project Management • Responsibility • Honesty • Team Communication • Adaptability • Critical Thinking

LANGUAGES

- Arabic: Native
- English: Advanced (C1)
